RE: Resource Conservation and Recovery Act (RCRA)
Permit #DEP-HWM-043-061
Class 1 Permit Modification Request

Dear Mr. Rosenburg:

This letter is in response to your August 24, 1995 submittal requesting Class 1 modifications to Attachment E - Inspection Logs and Schedule of your RCRA Permit #DEP-HWM-043-061.

This Class 1 modification request included proposed changes to five specific items included in your RCRA Permit #DEP-HWM-043-061, Attachment E - Inspection Logs and Schedule. The proposed changes include changes in the frequency and content of inspection schedules. In accordance with permit modification classifications found in Title 40 of The Code Of Federal Regulations (CFR) Part 270.42, Appendix I B.4., changes in the frequency and content of inspection schedules are Class 2 modifications. Therefore, the Class 2 modification procedures pursuant to 40 CFR Part 270.42 (b) need to be complied with.

Enclosed with this letter is a copy of the facility mailing list maintained by this Department in accordance with 40 CFR Part 270.42 (b)(2).

Should you have any questions or comments regarding this matter, please do not hesitate to contact Mr. Paul Franson of my staff at (860) 424-3565.

Sincerely,

David A. Nash, Director
Waste Management Bureau
Waste Engineering and Enforcement Division
